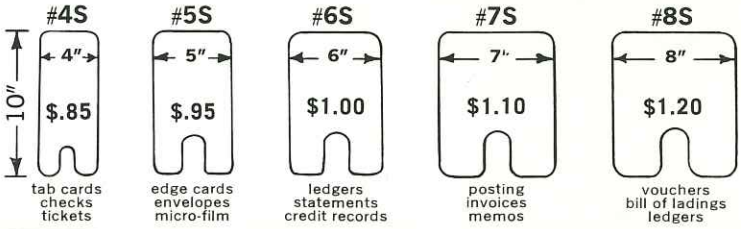
HOW TO DESIGN YOUR OWN

(1) Select your basic Kwik-File Console Cabinet—No. 281300 or No. 581350.

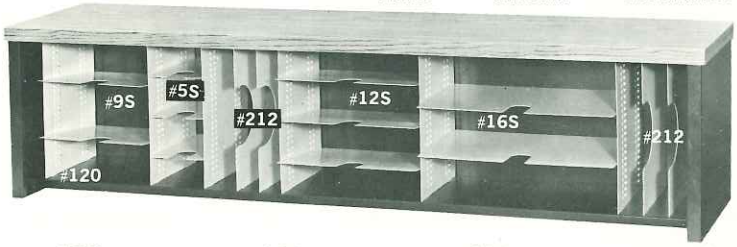
(2) Find its inside dimensions from the drawing on Page 3. (Either 26" or 56")

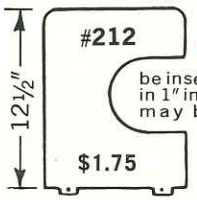
Assembly is easy. No bolts or nuts. KF Desk Top Console cabinets are shipped set up, ready for insertion of shelves and dividers, without tools.

(3) Choose a combination of shelf widths which will satisfy your needs. NOTE: THE WIDTH OF THIS COMBINATION MUST EQUAL THE INSIDE WIDTH OF THE CABINET SELECTED. (For example, one #6S Shelf, plus two #10S Shelves, equals 26"—the inside width of a No. 281300 Cabinet. **Or,** one #4S, plus two #5S, plus two #7S, plus 28" of open space for vertical filing, equals 56"—the inside width of the No. 581350.)

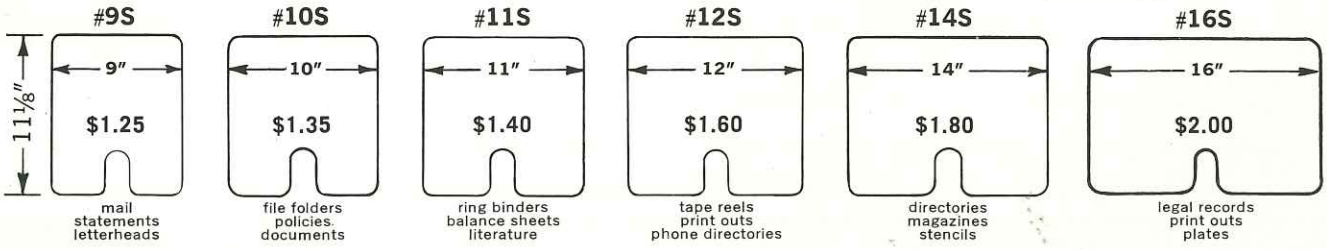


(4) Determine the number of #120 Shelf Supports needed. Use two #120's to create the first shelf section, then one additional #120 for each attached section. (See photo) #120's are inserted vertically in 1" increments. Individual shelves may be inserted horizontally in ½" increments, between any two #120 Supports. Shelves may be tilted up or down.





(5) The #212 Dividers may be inserted vertically, in 1" increments, and may be easily removed or rearranged.



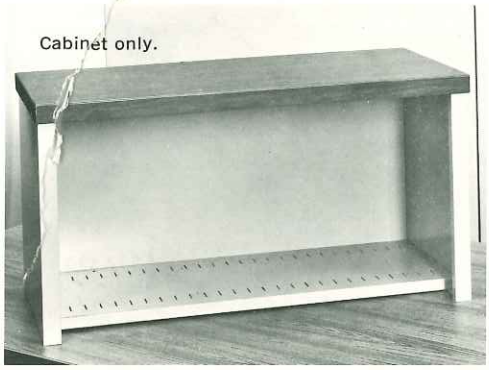
WHEN PLANNING HORIZONTAL COMPARTMENT WIDTHS, SELECT A SHELF AT LEAST ½" WIDER THAN THE ITEM TO BE FILED.

KEEP UP with automation. Keep tape reels, tab cards, and manuals right at your fingertips. Rearrange compartments whenever new needs occur.
No. 281304...As shown (56 lbs.)..... **$79.95**

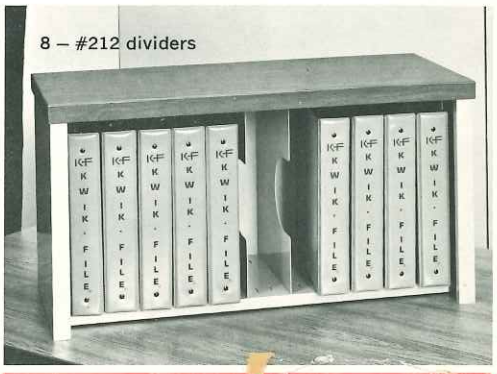
REORGANIZE WHEN YOU LIKE. Kwik-File shelves and dividers slide in and out easily. It's easy to make room for a new item, or to rearrange existing compartments.
No. 281301 . . . As shown (50 lbs.)..... **$74.95**

EDP ASSISTANT. Keeps close watch over disc packs, printouts, program manuals, and file folders. Adds beauty and a professional look to any work area.
No. 281305 . . . As shown (50 lbs.)..... **$69.95**

CENTER OF ATTENTION. Just 28⅜" long. Leaves space for machines on either side. The new look for desk and office.
No. 281302 . . . As shown (53 lbs.)..... **$84.95**



FILL IT UP. With the shelves, shelf supports, and dividers shown on the opposite page, you can custom-tailor a Kwik-File Console to put your paperwork in place.
No. 281300 . . . As shown (36 lbs.)..... **$59.95**



KEEP ONE HAND FREE. Vertical compartments, created by slotted dividers, make it easy to remove and return books and manuals with one hand. Ideal when telephone is used frequently.
No. 281303 . . . As shown (48 lbs.)..... **$71.95**
